POST DEVOLUTION MATTERS
(PDM-WING)

4.1 **Post Devolution Matters Wing (PDM)**

During the Financial Year 2012-13, as per functions of the PDM Wing, the issues raised after the devolution process were discussed at various forums. These inter-alia includes the matters relating to litigation arising out of devolution process, In this regard a “High Powered Committee to resolve post-devolution issues”, and Special Committee of the Senate to Resolve Post Devolution Issues was also constituted to examine various post devolution issues and procedural problems. The Senate Committee showed serious concern on the creation of 7 Ministries by the Federal Government after 30th June, 2011 and declared that the creation of new Ministries tantamount to reversal of the 18th constitutional amendment. These issues were also raised at the forum of Standing Committee of CCI in its 2nd meeting held on 6th March, 2013.

3. During these meetings deliberations on issues such as devolution of EOBI and WWF to the provinces were made at length and it was recommended that the Chairman EOBI and Director General WWF will share the details of assets and liabilities of the EOBI and WWF with the provinces enabling them to decide the course of action in the matter. The Provinces of KPK and Balochistan were agreed to make legislation or pass resolution to delegate the functions to the Federal Government because of the fact that there is a disparity in collection and distribution of funds. During the period under report, the Caretaker Government reallocated various functions related to the subject of health.

4. In spite of serious efforts to resolve the post devolution issues at the level of Special Committee of the Senate to Resolve Post Devolution and Standing Committee of Council of Common Interests, the following main post devolution issues remained unsettled:

- Lack of consensus existed among federal government and federating units to retain various functions/organizations such as EOBI, WWF etc. at federal level or transfer to provinces in post devolution scenario. There are operational and legal constraints to prevent the smooth transfer of organizations/projects devolved to the Provinces by the Implementation Commission such as Vertical Programs of health sector, National Commission for Human Development (NCHD) and national Education foundation (NEF) and winding up of some projects or organizations such as Pakistan Dairy Development

Company (PDDC) and Pakistan Tourism Development Corporation (PTDC).

- The following post devolution issues referred by the Ministries/Departments/Institutions are still unsettled:
 - i. Request to withdraw the JPMC/NICH/NICVD from Sindh Government as there were devolved to Government of Sindh by the Implementation Commission.
 - ii. Reallocation of Marine Fisheries Department (MFD), Korangi Fisheries Harbor Authority (KOFHA) and office of Fisheries Development Board (FDB) to Ministry of National Food & Research.
 - iii. Reallocation of District Population Welfare Office Islamabad and Regional Training Institute (RTI), Islamabad from Capital Administration Development Division (CADD) to National Health Regulation, Coordination & Services (NHRC&S) Division.
- Enabling laws for transfer of organization such as EOBI and WWF have not yet been formulated to overcome operational and legal constraints in the wake of devolution.
- Great annoyance was shown by the Special Committee of the Senate to Resolve Post Devolution Issues regarding assessment and distribution of assets including vehicles, furniture and buildings etc. as it was to be done at the time of devolution in pursuance of 18th Constitution Amendment which has not yet been finalized.
- Legislation regarding Ordinance issued by the M/o Law & Justice on 24-5-2013 to amend the Civil Servants Act. Regarding absorption of the 61,231 employees of the devolved Ministries/Divisions is still pending.
- Financial implications still not fully worked out as 7th NFC award was preceded 18th Amendment and hence the burden

shifted to the provinces would need to be rationalized in term of its financing.

- Reporting on International Commitments/Protocols is suffering as no consolidated data base is available to honor international commitments which is also effecting to ensure donor support.

5. Presently a reference has been forwarded for forthcoming Secretaries Committee meeting to seek necessary guidance/way forwarded to address the post devolution issues faced due to nature of conflicting procedures of transformation of functions/organizations. A proposal to formulate a task force or to nominate a fully empowered focal point has been suggested to adopt a focused approach to examine various dimensions of devolution: i.e. financial, administrative, legal and international. It may coordinate with the federating units to promote uniformity of approach in formulation of policies and their implementation by the Provinces and the Federal Government ion all fields of common national concern. It may also liaise with international agencies for securing support and legal obligation for grant agreements of such partner agencies for the subjects devolved to the provinces and be responsible for consolidation of data on International Commitments/Protocols to ensure donor support.

PART-IV

During the year 2012-2013, performance in international sports competitions is attached at Annex II.

Financial Assistance to National Sports Federations / Associations

To promote sports, Government had increased the sports budget of PSB and allocated a sum of Rs.784,312,000/- for the financial year 2012-13. During the year 2012-13, PSB released annual grant, special grant and under President/Prime Minister Directives to the National Sports Federations as per details given at Annex-III.

Creation of Sports Infrastructure

A sum of Rs.41.033 million was allocated in PSDP 2012-13 for three sports development projects at Pakistan Sports Complex, Islamabad.

Out of these allocations, a sum of Rs.32.826 million was released to PSB which was fully utilized.

Promotion of Clubs Sports Culture

The clubs are sports nurseries from where the talented sportsmen rise from obscurity to national and international acclaim. Since the clubs are not properly looked after, hence these talent hunting nurseries are drying out and eventually not producing desired results. Keeping in view their significance, the Ministry of IPC in collaboration with PSB launched a programme for promotion of club sports culture by scrutiny of genuine clubs in various districts of the country and subsequently their supports in the shape of provision of sports goods and “grant in aid” to them through respective DCs/DCOs with the assistance of District Sports Officers.

In the 1st phase of this programme Rs.20 millions were earmarked for the purpose. Necessary sports goods worth of 10.02 million and Rs.8.6 million as “grant in aid” was disbursed among 131 clubs of Malakand, Bunnair, Lower Dir, Upper Dir, Bannu & Lakki Marwat of KPK in the discipline of Athletics, Football & Volleyball.

In the 2nd phase, this programme will be extended to other provinces. After necessary scrutiny of clubs and selection of clubs the required sports goods and funds will be made available to them. This step of Federal Government will promote the clubs sporting activities and clubs sports culture will be developed in the country which ultimately promotes sports in the country.
