FOREWORD

Pakistan's federal system is founded on the constitutional distribution of responsibilities between the Federation and the Provinces and on the spirit of mutual respect, consultation and cooperation among the federating units. Sustained coordination between the two tiers of government is essential for addressing matters of common concern, promoting a uniform approach to the formulation and implementation of policy, and strengthening national cohesion.

Under rule 3(3) of the Rules of Business, 1973, read with Schedule II thereto, the Ministry of Inter-Provincial Coordination is responsible for general coordination between the Federal Government and the Provinces in the economic, cultural and administrative fields, for promoting uniformity of approach in the formulation and implementation of policy in all fields of common concern, and for the discussion of policy issues emanating from the Provinces which have administrative or economic implications for the country as a whole. Its business also extends to sports, youth affairs, tourism, the Federal Land Commission and the Gun and Country Club.

Rule 25 of the Rules of Business, 1973 requires every Division to prepare, and upload on its website, a Year Book on its activities and achievements during the year, containing information that can be used for reference purposes. In compliance with this requirement, the Ministry presents its Year Book for the Financial Year 2024-25, which sets out its institutional profile and allocated business, and records the work undertaken during the year by its Wings and by its attached departments and organizations.

It is hoped that this publication will serve as a useful reference for Parliament, the Federal Cabinet, Ministries and Divisions, the Provincial Governments, researchers and the general public, and that it will contribute to transparency, accountability and institutional continuity.

I wish to place on record my appreciation for the officers and staff of the Ministry and of its attached departments and organizations, whose diligent efforts have made the compilation of this Year Book possible.

PART VII: FEDERAL LAND COMMISSION

The Federal Land Commission (FLC), one of the bodies placed under the Ministry by Schedule II to the Rules of Business, 1973, completes the account of the Ministry's attached organizations. This Part outlines its mandate and institutional framework and reports the cases decided by it during FY 2024-25.
